Fit test info on EPRs

At this time, it's inappropriate for supervisors and commanders to mention fitness assessment information on performance reports. Guidance on this issue will be provided after the first round of testing is completed. E-mail leslie.formolo@pentagon.af.mil or trenda.voegtler@pentagon.af.mil for more information.

Traveling with pets

For people PCSing to Europe, the regulations for animal importation to all countries of the European Union have changed.

Pets now need to be microchipped with an ISO-compatible chip, which military veterinary clinics in Alaska already use. Also, a new bilingual health certificate must be used and will need to be endorsed by a Federal U.S. Department of Agriculture veterinarian. This process will require advance planning.

For questions, call the Fort Richardson Veterinary Clinic at 384-2865.
